Experiencing Mystery Retreat

a six-day five-night inner-space adventure near Maple Falls, WA

Oct 28–Nov 2, 2007

Register by Aug 28 to save \$450

Do you know that you want a new story for your life, but you're not sure what you want it to be or you don't know how to go about creating it? This six-day (five-night) retreat at Peaceful Mountain Retreat Center (www.peacefulmt.net/gallery.htm) will be your guide to your inner world. You will learn how to dive within to find your new story, surface to describe it, and return to transform your life.

You'll learn from shamanic processes and techniques. You'll reconnect with nature and discover that you have 50+ senses, not just 5. You'll learn from your dreams, from your shamanic journeys, from myths, and from creative activities. You'll learn how to replace the battles in your life with what Jean Houston calls bornings. You'll learn how to use amazing abilities that you've always had but that have been dormant until now. You'll find new skills, guides, and friends. You'll dance. You'll sing. You'll beat on drums. And best of all, you'll have a lot of fun.

Join us for this inner-space adventure. Dare to bring a new story to birth!

"If you bring forth what is within you, what is within you will save you. If you do not bring forth what is within you, what is within you will destroy you." -Gospel of Thomas
